**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who has used competitive DSL for 18 years, first through Earthlink and, since 2012, with Sonic. I also get my phone service through Sonic. I am looking forward to having access to the fiber network soon.

I switched to Sonic because I wanted a local provider who cares about their customers and their community. I have been extremely pleased with both the Internet service and the customer service and cant imagine having to use someone else.

Please oppose US Telecoms petition to dismantle components of the 1996 Telecommunications Act. Residential subscribers like me do exist and we would be materially affected if access to UNE services were revoked.
